

ArtBuilt Mobile Studio, Queens Museum and NYC Parks invite local residents and immigrants to the launch of the trilingual newspaper project, **Round Robin**, in Seward Park with resident artists Art Parley, an art collective formed by Sue Jeong Ka and Melissa Liu!

Come by during Art Parley's Open Studio hours to learn about the next six weeks of activities and workshops around Round Robin, an ongoing socially-engaged project to build spaces for cross-cultural solidarity and understanding through storytelling, conversation, and empathy resonant to participants from diasporic communities in Chinatown, LES, and Two Bridges.

The **Round Robin Neighborhood Archive and Library** will be available during all Open Studio hours, activities, and workshops. Come read the first ever trilingual issues of Round Robin along with other collected materials related to issues of immigration and gentrification.

The schedule is in process, so please be sure to like and follow ArtBuilt Mobile Studios' Facebook page for updated schedule and event information: <https://www.facebook.com/ArtBuiltMobileStudios/>
